

# ARMY PUBLIC SCHOOL, UMROI MIL STATION

## **TEACHER'S RESOURCE ROOM**

Teacher's resource room was set up at APS Umroi Mil Stn to initiate ideas and to develop a better understanding of concepts selected from given curriculum. The aim and objective of the resource room is to encourage teachers as well as students to take keen interest in learning through play and activity. Resource Room is a special place where we create an environment that is conducive to learning and encourage student participation.

The objective of teacher's Resource Room is as follow:-

1. To make teachers role model for students, so that teacher and student relationship is constricted to give positive vibes in learning and gaining knowledge.
2. Resource Room is equipped with all materials required for a teacher to develop new ideas.
3. Encourage students to think creatively and should make students dependent.
